

DEPARTMENT : NUTRITION & DIETETICS

ACTIVITY : ENTRY LEVEL TEST

YEAR : 2024-2025

DEPARTMENT OF NUTRITION AND DIETETICS

DATE	TIME	VENUE
09.07.2024	10.00 a.m. to 11.00 a.m.	I B.Sc. Nutrition & Dietetics Classroom EMGYWC
Theme	To identify the slow-learning and fast-learning students	
Nature of the Activity	Entry Level Test	
Title	Nutrition and Dietetics	
Convener	Mrs.P.Tamilarasi Head & Assistant Professor of Nutrition & Dietetics EMGYWC	
Coordinator	Mrs. K.Gowsalya Assistant Professor of Nutrition & Dietetics EMGYWC	
Participants	I B.Sc. N & D Students – 35	

ENTRY-LEVEL TEST ON “NUTRITION AND DIETETICS”

Objectives:

- To measure students' basic competency in core subject concepts at the beginning of the course.
- To categorize learners based on their performance levels and design targeted academic interventions for improved learning outcomes.

Programme Outcome:

The test was conducted with a comprehensive set of questions covering key topics in nutrition and dietetics. The performance of students was assessed based on their scores, and the following outcomes were observed:

E.M. GOPALAKRISHNA KONE YADAVA WOMEN'S COLLEGE

1. Slow Learners Identification:

Students who scored below the threshold were identified as slow learners.

- These students demonstrated gaps in understanding basic concepts of nutrition and dietetics.
- Detailed analysis of their answers highlighted specific areas where they struggled, such as nutrient functions, dietary guidelines, and food groups.

2. Advanced Learners Identification:

- Students who scored above the threshold were identified as advanced learners.
- These students exhibited a strong grasp of the subject matter and were able to answer complex questions with ease.
- Their responses reflected a deeper understanding of nutritional science and its applications.

Feedback:

The feedback from students emphasizes the effectiveness of the entry-level test. Both slower and advanced learners appreciated the efforts made to enhance their learning experience. Suggestions for improvement, such as providing more personalized attention, incorporating practical applications, and conducting periodic assessments, will be taken into consideration to refine the program and ensure continuous improvement in student learning outcomes.
