CONSULTANCY ON "SELLING OF VERMICOMPOST PACKETS"

Objectives:

- To generate revenue through the sale of vermicompost packets produced at the Vermicompost Unit on our college campus.
- To promote awareness and interest in Vermitechnology among students and the wider community.

Programme Outcome:

Through the sale of vermicompost packets, this initiative aims to achieve the following outcomes:

Sustainable Income: Generating revenue through the sale of vermicompost packets at a marginal cost, contributing to income regeneration for the college.

E.M.GOPALAKRISHNA KONE YADAVA WOMEN'S COLLEGE

Student Engagement: Creating interest and involvement in Vermitechnology among students, developing hands-on learning and practical experience in sustainable agriculture practices.

Environmental Impact: Promoting organic waste management and soil health through the production and use of vermicompost, thereby contributing to environmental sustainability.

Community Awareness: Raising awareness about the benefits of vermicompost and sustainable agriculture practices within the college community and beyond, fostering a culture of environmental stewardship.

Entrepreneurial Skills: Providing students with opportunities to develop entrepreneurial skills such as marketing, sales, and financial management through the vermicompost packet sales initiative.
