DIETETIC INTERNSHIP

Objectives:

The primary objective of this internship is to provide students with practical, hands-on training in the field of clinical nutrition and dietetics. By working alongside experienced dietitians in reputed hospitals, students gain real-time exposure to patient dietary management, nutritional assessment, and therapeutic diet planning.

Programme Outcome:

Students completing the internship develop essential skills in clinical dietetics, patient counseling, and hospital nutrition protocols. This comprehensive training enhances their employability and prepares them for careers as professional nutritionists in hospitals at the
