IMPACTS OF DIGITALIZATION ON WOMEN'S EMPOWERMENT

Objectives:

1. To highlight the importance of digitalization in enhancing the individual skills and competencies of women students, thereby supporting their socio-economic development in society.
2. To encourage women students to actively participate in the digital domain by adopting digital tools and technologies for education, employment, and entrepreneurship.
3. To create awareness about the role of digitalization in everyday life and how it opens up new opportunities for personal growth, financial independence, and social empowerment.
4. To familiarize students with various digital platforms, online resources, and e-governance services that contribute to women's empowerment.

Programme Outcomes:

Upon completion of the programme, the students were able to:

1. Understand the significance of digitalization in promoting women's empowerment and socio-economic development.
2. Acquire basic digital skills necessary for education, employment, and entrepreneurial activities.
3. Identify and utilize various digital platforms, online learning resources, and e-governance services effectively.
4. Develop confidence in using digital tools for communication, financial transactions, and information access.
5. Apply digital knowledge safely, ethically, and responsibly in their day-to-day lives

Feedback:

The students were made aware of the need and significance of digitalization, along with its positive and adverse effects. The programme enhanced their understanding of how digitalization influences women's empowerment and encouraged them to adopt digital tools responsibly and effectively in their academic and personal lives.
