CONSULTANCY ACTIVITY ON "ONLINE AADHAAR CARD ADDRESS CHANGE"
Objectives:

To ensure seamless service delivery and accurate Aadhaar-based authentication, Aadhaar number holders are encouraged to update their identity and address documents periodically. Keeping Aadhaar records current with recent and valid information enhances efficiency, reduces authentication errors, and enables access to a wide range of government and non-government services.

Programme Outcome:

Upon successful updation of Name, Address, Date of Birth, or Gender, a revised Aadhaar letter will be dispatched to the updated address as mentioned in the Aadhaar records. For updates related to Mobile Number or Email ID, no physical letter will be issued. Instead, an acknowledgment and update notification will be sent digitally to the registered mobile number or email ID provided during the update process.
