ACTIVITY : SKILL DEVELOPMENT COURSES

YEAR : 2026 - 2027

SKILL DEVELOPMENT COURSES

The E.M.G. Yadava Women's College organizes various skill development courses for students to enhance their practical skills, promote entrepreneurship, and foster self-reliance.

List of Skill Development Courses:

- Household Material Preparation
- Mehandi Designs Class
- Silambam Course
- Aari Work
- Bakery Class
- Two Wheeler Training Program
- Four Wheeler Training Program
- Beautician Course
- Tailoring Course
- Digital Marketing – Computer Course
- Yoga and Meditation Class
- Spoken English
- Typewriting Class

Course Objectives:

1. To promote financial independence among students while pursuing their education.
2. To develop entrepreneurial skills and encourage self-employment opportunities.
3. To enhance students' practical skills, creativity, and self-confidence.
4. To cultivate a sense of responsibility, dignity of labour, and self-reliance.
5. To empower young women to become economically independent and career-ready individuals.

Course Outcomes:

1. Students gained opportunities to earn while pursuing their education, promoting financial independence.
2. Students enhanced their practical skills, creativity, and entrepreneurial abilities.
3. Students developed greater self-confidence, responsibility, and decision-making skills.
4. Students acquired awareness of self-employment opportunities and income-generating activities.
5. Students were empowered to become self-reliant, financially independent, and career-oriented individuals.

"Earn While You Learn"

Report:

"Earn While You Learn" is not just a slogan at EMG Yadava Women's College; it is a powerful reality that transforms students' lives. By enabling our students to earn while pursuing their education, we empower them **to achieve financial independence**, **build self-confidence, develop practical skills, and stand on their own feet**. At EMG, education goes beyond earning a degree—it equips every student to earn with dignity, live with confidence, and shape her own future. This is the true power of education: transforming young women from learners into financially independent, self-reliant individuals.
