BRIDGE COURSE

Objectives:

- To bridge the academic gap between higher secondary and undergraduate-level subjects.
- To provide a clear understanding of the undergraduate course structure.
- To introduce students to the core concepts and terminologies of their chosen discipline.
- To help students transition smoothly into the academic expectations of higher education.

E.M.GOPALAKRISHNA KONE YADAVA WOMEN'S COLLEGE

- To build confidence and readiness for effective learning throughout the undergraduate programme.

Programme Outcome:

The programme was highly beneficial, as students became familiar with the core concepts, important terminologies, and subject-specific vocabulary relevant to their field of study. They were given an overview of the curriculum across all six semesters, including the number and nature of papers in each semester. This helped students understand the academic roadmap ahead and set realistic goals for themselves. As a result, they felt more prepared and confident to engage in their undergraduate studies with focus and enthusiasm.
