4. To dispel myths and reduce stigma associated with Tuberculosis.
5. To promote healthy lifestyle practices that strengthen immunity and prevent TB.

Programme Outcomes:

1. Students gained valuable knowledge about the prevention and treatment of HIV/AIDS and TB. The session helped reduce stigma and encouraged healthy practices and social responsibility among youth
2. Participants understood the importance of early detection and regular medical consultation.
3. Awareness was created regarding preventive strategies and healthy living practices.
4. Students developed a positive attitude towards supporting TB-affected individuals without stigma.
5. The programme empowered students to act as awareness ambassadors in their families and communities.
