CONSULTANCY SERVICE ON E- AUCTION MANAGEMENT

Objectives:

- To provide practical knowledge of the e-auction management process.
- To enhance participants' understanding of online auction procedures.
- To develop skills in digital bidding and auction management.
- To create awareness about transparency and efficiency in e-auction systems.
- To improve participants' digital and professional competencies.

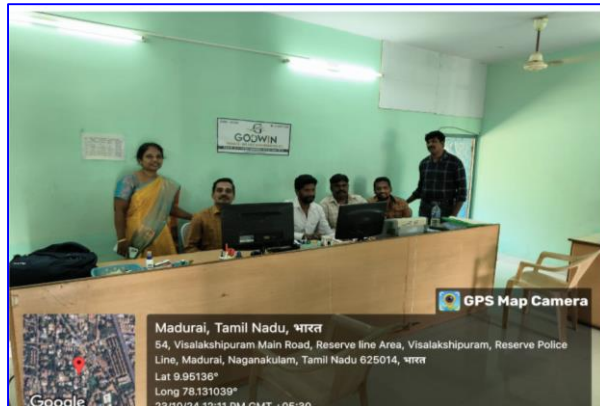

Programme Outcome:

The Consultancy Service on E-Auction Management provided participants with practical knowledge of the e-auction process and its procedures. The programme enhanced their understanding of online auction management, improved their digital and
