BRIDGE COURSE ON “INTRODUCTION TO BIOLOGY”

Objective:

To provide the I-year students with essential information and skills essential for their academic journey.

Activities Conducted:

- Students were introduced to various instruments, apparatus, and glassware commonly used in the department. This included hands-on sessions where students were able to familiarize themselves with the proper usage of these tools.
- Detailed information regarding the examination pattern, practical examination format, and evaluation criteria were provided to prepare them adequately for their upcoming assessments.

E.M.GOPALAKRISHNA KONE YADAVA WOMEN'S COLLEGE

- The distribution of internal and external marks, as well as the criteria for allocation, were discussed to give students a clear understanding of the evaluation process.
- Guidelines for assignments, including submission deadlines and assessment criteria, were provided to students to ensure they understood the importance of regular coursework.
- The importance of the Choice Based Credit System (CBCS) was emphasized, highlighting its benefits in providing flexibility and enhancing the overall learning experience.

Programme Outcome:

The Bridge Course acquainted first-year Zoology students with essential information and skills crucial for their academic journey. They gained a better understanding of laboratory procedures, examination formats, fee structures, and the significance of CBCS, which will contribute to their success throughout their undergraduate studies.
