BRIDGE COURSE ON "FOOD SCIENCE & NUTRITION"

Objectives:

- To help students acquire foundational knowledge in Human Physiology, Food Science, and Nutrition.
- To enhance their understanding of core concepts and subject-related terminologies.

Programme Outcome:

The bridge course effectively prepared students for advanced learning by simplifying complex concepts and technical terms commonly used in Food Science and Nutrition. It provided

a strong academic foundation, enabling students to grasp subject content with greater clarity and confidence. By addressing gaps in prior knowledge, the course ensured smoother transition into core subjects, improved comprehension, and boosted student engagement in subsequent classes. Overall, the programme laid the groundwork for academic success in the field of Nutrition and Dietetics.
