**FACULTY EXCHANGE PROGRAM ON
COST ACCOUNTING, FINANCIAL ACCOUNTING**

Objectives:

- To enable faculty participants to understand the role of cost ascertainment in determining the exact cost of products, services, and activities, thereby

supporting effective budgeting for academic programmes, seminars, and publications.

- To highlight the importance of cost control techniques in identifying inefficiencies in resource utilization, minimizing wastage, and managing administrative overheads efficiently.
- To familiarize faculty with price fixation methods using cost data to determine fair and sustainable fees for academic services, training programmes, and institutional events.
- To provide decision-making support through cost accounting information for strategic initiatives such as programme expansion, introduction of new courses, and academic projects.
- To emphasize the role of budgeting and forecasting in financial planning, cost monitoring, and variance analysis for effective institutional management.
- To develop the ability to conduct profitability assessment of various academic activities such as training programmes and workshops to identify and strengthen high-performing segments.

Programme Outcomes:

The Faculty Exchange Programme conducted under the MoU successfully strengthened the academic partnership between E.M.G. Yadava Women's College and Yadava College, establishing a strong foundation for sustained collaborative initiatives in teaching and learning. The programme significantly enriched student learning by enhancing their understanding of core concepts in Cost Accounting and Financial Accounting.

Students developed the ability to comprehend and apply cost concepts, cost classification, and cost behaviour for effective managerial decision-making. They gained practical skills in cost analysis, preparation of cost statements, and application of cost control techniques to improve operational efficiency. Further, the programme enabled students to effectively use cost accounting information for planning, budgeting, pricing, and strategic decisions.

In Financial Accounting, students acquired proficiency in recording, classifying, and summarizing financial transactions and preparing basic financial statements such as the Trading Account, Profit and Loss Account, and Balance Sheet. They also developed the ability to analyze and interpret financial statements to evaluate the financial performance and position of a business. Overall, the programme contributed to academic excellence, practical competency development, and strengthened inter-institutional collaboration in accounting education..
